EDUCATION

University of Engineering and Technology (UET), Taxila — Taxila, Pakistan
Bachelor of Science in Computer Science, GPA: 3.10/4.0 — *Aug. 2022 – May 2026*

EXPERIENCE

Frontend Development Intern — July 2025 – October 2025
DevBeez — *Jhelum, Pakistan*

- Deployed and managed production applications on Vercel with automated CI/CD pipelines and GitHub integration
- Configured Firebase cloud services including Firestore, Authentication, and Hosting for scalable backend infrastructure
- Implemented environment-based configuration management for development, staging, and production deployments
- Developed PrimeZoneC consultancy platform using Next.js with TypeScript and Redux Toolkit serving 100+ institutions
- Built FitLynq full-stack booking platform with React 19 and Node.js integrating Stripe and PayPal payment gateways
- Designed 25+ reusable UI components using Radix UI, Tailwind CSS, and Framer Motion
- Created DevBeeZ agency marketing website with MDX-powered blog system using Contentlayer for SEO optimization

PROJECTS

AI-Driven Platform for FYP Coordination | *Next.js, TypeScript, Express.js, MongoDB* — November 2025 – Present

- Architecting cloud-based web application to automate Final Year Project workflow for students and coordinators
- Built frontend with Next.js, TypeScript, and Shadcn UI with Redux Toolkit for complex state management
- Developed secure RESTful APIs using Express.js and MongoDB with Bcrypt.js and JWT authentication
- Implemented session management system allowing users to track active login locations across multiple devices

Multiple Production Deployments | *Vercel, Firebase, Next.js* — July 2025 – October 2025

- Successfully deployed three production applications with automated build and deployment processes
- Configured domain management, SSL certificates, and CDN integration for optimal performance
- Implemented monitoring and logging solutions to track application health and user activity

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, Python, C++, HTML5, CSS3, Bash
Frontend: React.js, Next.js, Redux Toolkit, Tailwind CSS, Shadcn UI, Framer Motion, Radix UI
Backend and Database: Node.js, Express.js, MongoDB, Firebase, SQL
Cloud and DevOps: Vercel, Firebase, Git, GitHub, CI/CD Pipelines, Linux, Environment Configuration
Developer Tools: Visual Studio Code, Cursor, Git, Version Control Systems

CERTIFICATIONS

Introduction to Frontend Development (Meta), Programming with JavaScript (Meta), Google AI Essentials (Google), Version Control (Meta)

VOLUNTEER EXPERIENCE

General Member: Member of management team of Comptech society managing departmental events
Volunteer Teacher: Taught Mathematics and Computer Science to Matric students in village academy
Management Head: Handled management of religious events at university
